Welcome to Recruitment

Dear High School Senior/Collegian,

The sorority women of the Coppell Alumnae Panhellenic Association (CAPA) want to introduce you to a unique experience that you are sure to find both educational and enjoyable - sorority life! Sororities promote high scholarship, personal development, leadership, good citizenship, service to others, and life-long friendships. We hope you will want to explore the possibility of membership for yourself.

There are 26 National Pan-Hellenic Conference sororities, many of which have alumnae here in the Coppell area. Our alumnae Panhellenic represents a cooperative effort of local sorority women who wish to promote sorority ideals and continue friendships made while in college. We are college alumnae who may be your next door neighbor, your history teacher, your mother or her best friend.

Sororities choose new members each year through a mutual selection process now called Recruitment (formerly Rush). **You must register for Recruitment with the Panhellenic Office at the college you will attend by their designated deadline in order to participate in recruitment. If you do not receive this recruitment information, check your college Panhellenic website or call your college Panhellenic office.**

The Coppell Alumnae Panhellenic Association would like to assist you in learning about sorority membership. The enclosed Recruitment Information Form is an aid that will help us introduce you to as many sororities as possible at the college you are attending. This form, while helpful for our group does not register you for Recruitment at your college. Please remember to complete this and your college recruitment forms as soon as possible to expedite the recruitment process. Please feel free to call or email me if you have any questions or need any assistance.

Sincerely,

Barbara Guzak

It's Greek to Me!!

What is a Sorority?

A sorority is an organization of collegiate women (actives) and alumnae dedicated to:

Scholarship

Scholarship is an extremely vital component of Greek Life. Academic achievement is the fundamental purpose of attending college and individual sororities recognize its importance.

Friendship

Sorority life will help you make the most of your college experience as you join together with women who share your interests and ideals. You will make special friends and these bonds of friendship can last a lifetime.

Community Service

One of the most gratifying aspects of sorority life is the sense of satisfaction and pride that comes with involvement in community service.

Leadership

All sororities concentrate on helping members develop leadership abilities by offering opportunities for involvement in self-governance and program planning. You may become a chapter officer or perhaps represent your chapter through other organizations on campus.

Social Activities

College life is not only about academics. It is also a time for social interaction and personal growth. Social and recreational activities give students an opportunity to meet and interact with a variety of new people and strengthen the bonds of friendship within your own chapter.

Fun

Joining a sorority can bring an added dimension to individual development and enjoyment to your college experience.

General Information

***Campus Pan-Hellenic Association** When you register with your campus Pan-Hellenic (**this is required**), they will send you information about what you can expect during the recruitment process on their campus. Campus registration dates vary, so check their website or call to find out the deadline at your university. The information you will receive usually has dress guidelines and photo examples. Wear appropriate clothing for each party; this is not the time to dress down!

***Recruitment** In order to go through the recruitment process, you may need a reference/rec written by an alumna member of that sorority. If you register with CAPA (in addition to registering with your campus Pan-Hellenic), our members will write reference letters and send them to the sororities. If we do not have a member for a particular sorority on your campus, you will be responsible for obtaining that reference letter outside of CAPA.

Membership recruitment is typically 3-4 events. It is intended for you and the sorority women to meet, and for you to learn more about sorority life and their sorority in particular. The emphasis is on conversation and getting to know each other since it is a mutual selection process. Each sorority has a variety of women in them, so don't judge them by a stereotype given to you for the whole group. The period of recruitment varies, but usually lasts for several days.

***Sorority Membership** All sororities were created with the desire for friendship, leadership, achievement and philanthropy in pursuit of higher education. It can be your home away from home and help make the university seem smaller by providing you an easy way to connect with others. Sorority membership also provides a lifetime of friendship through alumnae associations throughout the country and abroad where you can make new friends as you move to different locations.

***Scholarship** Every sorority strives to maintain a high chapter grade point average, therefore each must consider a woman's ability to adhere to its scholastic standards.

***GPA Requirement** Although some universities require a 2.5 for admittance, many sororities require a 3.0 to be considered for membership.

***Financial Responsibility** Membership dues finance each sorority. Women participating in the membership recruitment process should be aware of the cost of sorority membership and be willing to accept this financial obligation.

***Cost of Membership** Expenses for sorority membership include pledge fees, initiation fees, building fees and dues. To secure accurate information regarding the expenses for sorority membership on your campus, go to their website and search for "Greek Life." Review the material on the university website or contact the Pan-

Hellenic Council on the campus you are attending to find out specific costs for sorority membership at that particular campus. Fees will vary by sorority. This information changes from year to year and the Pan-Hellenic office at each campus has the up-to-date information regarding these costs and will be your most reliable source for this information.

***It's A Mutual Decision** Sororities which are members of the National Pan-Hellenic Conference (NPC) are private social organizations whose collegiate members have the right to invite into membership the women they deem to be most congenial. The privilege of choice is mutual. Although a sorority has the right to choose whom it will invite to pledge, the recruit also has the right to choose which sorority she would like to join.

It is best **not** to make up your mind about joining any sorority until you have met several of its active members. Remember that you are not joining a "name" or a "reputation", but you are choosing a closely-knit group in which you expect to make lasting friendships in college and later alumna life. Remember that sororities differ from campus to campus and there are girls in every sorority with whom you would develop lasting friendships. Go through recruitment with an open mind, give each group a chance!

When your final decision is being made on pref night at the end of recruitment events, please list more than one group, in preferential order when indicating the sororities you are interested in joining. Maximize your chances for sorority membership by choosing more than one and knowing that your second or third choice may be the one you have promised to join if you are offered membership. Every sorority is what you make of it. Each year we hear about girls who pledged their second or third choices and end up absolutely loving it and wonder how they could have ever put their sorority in any order but first.

Preparing Your Recruitment Packet

CAPA Recruitment Registration Form

*Complete the form and be sure to include SAT/ACT scores.

Pictures

*Your picture will be used to identify you when you arrive at the parties, not to judge you. Make sure that it looks like you. It is important to not change your hair color after your picture is taken. Do not wear CHS overalls or something that places you in high school.

*The photos do not need to be taken by a professional. The picture should be clear enough to be scanned. Make sure the picture is only of you, not your best friend, dog, etc.

*On the back of your picture list: Your name, the name of the University you will or currently attend, and the name of your city. Creating labels to stick on the back of the picture with this information is preferred and makes the process easier to complete.

Social Resume (Sample enclosed)

*Present your scholastic, extra-curricular activities, and honors in a clear and concise way. You can include employment, but this is primarily a resume covering your school, extra-curricular activities, honors, community involvement, and volunteer hours.

*List your sorority legacy information. Each sorority has its own definition of a “legacy”. It is generally identified as a daughter or sister of an initiated member. Some sororities also recognize a granddaughter, stepdaughter or stepsister. Sororities try to extend every courtesy to legacies and try to get to know them, but sororities cannot guarantee invitations or membership. At times there are more legacies entering Recruitment than a college chapter has membership openings. Legacies must meet the same qualification standards that non-legacies meet.

***Do not put your social security number on any of the documents. Mark it out on Transcripts.**

Transcript

*A copy of your school issued transcript is all that you need for those groups requiring a transcript.

***Sign** the transcript if you are 18; have a parent sign if you are younger than 18.

Letters of Support

*Letters of support are optional and in addition to the reference/rec letters written by CAPA.

*They should be written by an alumna member who knows **you** personally. She needs to say personal things about you that would not necessarily be included on your recruitment registration form. Provide your social resume so that she can describe your achievements. The writer can also include a picture of you.

*Letters of support should be sent directly to the sorority house. The more often your name is seen by the rush committee, the better!

Social Networks

*Because most forms of social networking(i.e. facebook, twitter) will be accessible by sorority members, you should “clean up” your accounts **NOW** and be mindful of security settings, accepting friends and sharing personal information online, including photos that represent you to others. This is very important, you can be assured that they will start looking at your page as soon as they receive word that you are coming through their recruitment!

*Be mindful of what you post or share. You should assume that much of the information, if not all, will be accessible by sorority members during the entire recruitment process!

Suggested Donation to CAPA

A suggested donation of \$10, made payable to CAPA requested to help fund the scholarships we award to Coppell girls every year. CAPA has traditionally provided scholarships for graduating senior girls and for Coppell actives in sororities. Your kind donation will enable CAPA to offer scholarships for senior girls and collegiate actives.

Recruitment/Rush Tips

*Give careful thought to your clothes for each day. You will ultimately be judged on your personal record, of course, but remember you will be making literally hundreds of first impressions each day and your clothes, hair and make-up are a factor. Short shorts, cut-offs, low cut dresses will make you memorable in the wrong way.

*Accessories are important! Wear cute jewelry and shoes. Bring flip flops in your bag to change into between parties so you will not have blisters. Be sure to not wear a watch (lest you be caught looking at it!)

*No gum! Mints or tic-tacs are a good thing to stick in your bag or purse.

*Some schools allow you to carry a small purse, some encourage you to take a tote bag. These will be left out in front of the house with a Chi-Rho watching. If your campus allows a tote bag, the following are good items to stash in case you need them on those long days: a hand towel for sitting on while waiting to be admitted to the next party, a water bottle, peanut butter crackers, mints, a small mirror, blue blotting pads, small brush, hairspray, makeup to touch up and a small notebook and pencil to take notes on and to jot names that you want to remember.

*Think of some questions you want answered beforehand about the chapter so you will have a question to ask if the conversation lags. Remember the actives talking to you are as nervous as you are! By asking questions you are showing them that you are interested in them and their sorority.

*There are some topics that you might guess would be **UNSUITABLE** to discuss, such as: your personal party habits, your boyfriend, any negative opinion on Greek Life, college life or religion. There is no appropriate time to use offensive language.

*Smile in the face of any catastrophe! It could rain on one of the rush days and other problems could occur-remain cheerful and laugh it off.

*Remember that these chapters want you to like them and join them. Be equally nice to all chapters, even the ones you think you may not be interested in. Keep your opinion to yourself, you never know who might really like a sorority that you don't! Be open-minded, enjoy the people and the attention! It is a special time when all eyes are on you. The best thing for you is the thing that will happen!

Questions To Ask Sorority Actives

The following questions are suggested by former and current sorority actives. Have a few questions to ask at every party in case the conversation lags. These are open ended questions to spur on conversation! Asking for information lets the sorority know that you are interested and allows you to gather information for your decision. Remember to have a smile on your face and enjoy getting to know new people. Talk, talk, talk! Recruitment is no time to be shy or quiet!

Round 1

How did you choose your song or cheer?
How did you decide to go to school here?
How long has XY had a chapter here?
What committees are you on?
Do you live in the chapter house? What is it like living there?

Round 2

How did your sorority choose its signature charity?
What is your favorite thing to do in the house?
How many hours a month do you spend on volunteer projects?
When was this house built? Who originally lived here?
What is your favorite charitable activity?
Does your sorority participate in a campus wide philanthropic project?

Round 3

How long did you practice the skit?
Did someone in the sorority write the skit or is it something you've done for years?
What was your favorite function last year?
What special events does your sorority do during Homecoming?
Does the sorority hold events so the pledges get to know the actives better?
Do you usually travel out of town for formals?
How long did it take to decorate for this round?

Round 4 (Pref)

How did you choose this sorority?
What is the most special part of Greek life to you?
How has sorority life helped you?
What's your favorite memory of your pledge experience?
What are you looking for your new sisters to bring to the sorority?
What makes your sorority unique?

Questions Active Sorority Members May Ask You

These are some of the standard questions that some of the sorority actives might ask you during recruitment. These are prompts to start a conversation with you. Expand on the conversation, the girls are trying to get to know you better and will be unable to do so if you do not talk! The questions will get more serious as recruitment progresses.

*Where are you from? What is your hometown?

*What dorm are you in?

*Have you chosen a major yet? Why ?

*Did you have a fun summer? Did you travel?

*How are you enjoying recruitment so far?

*Are you rooming with a friend or did you go potluck?

*What led you to this University? How did you choose it?

*What do you like to do in your free time? Hobbies?

*Are you familiar with sorority life?

*What made you decide to go through recruitment?

*What do you bring to the sorority?

*Do you have any Greek members in your family?

*What are you looking for in a sorority?

*Do you know anyone in this chapter? At this college?

*Do you see yourself fitting in at this chapter?
