

CAPA Local Sorority Alumnae Resource List

If you wish to have introductions to the sorority chapters on your campus...

The best introduction to a sorority chapter on your campus is always one that is written by someone who knows you and your family personally. You probably know more sorority alumnae than you think! Ask relatives, neighbors, co-workers, people with whom you worship, etc. if they are alums of the sorority chapters on your campus, and if they would write a recommendation for you. They will know what to do.

If you just can't locate a personal acquaintance from a particular sorority, the local sorority alumnae on this list may be able to assist you.
